YOUR GEAR DESERVES  
QUALITY CARE

## CLEAN

The cleaning phase consists of multiple products so you can choose which application best suits your individual needs. Each product in this phase will ensure removal of heavy dirt, grime stains and grease.

## CONDITION

The conditioning phase also consists of multiple products to best suit your needs. Conditioning is essential to keeping the natural texture and lustre to your leather gear. It also provides vital protection and nourishment, which your hard earned leather gear deserves.

## MAINTAIN

The maintenance formulation cleans and protects the surface of your leather protecting against further wear. It's the convenience and ease of use, which makes this phase ideal for everyday use.

# OAKWOOD EQUINE COMPLETE CARE SYSTEM

Using Oakwood's Complete Leather Care System will guarantee all your leather gear, from your riding boots to your horse's saddle, will be kept in quality condition. The system has been designed to specifically target the three essential areas around caring for leather: clean, condition and maintain. The range consists of multiple products within each of these phases to best suit individual needs. Using the complete system will ensure your gear is ready to go whenever you are.

# EQUINE RANGE

## LIQUID SADDLE SOAP

**CLEAN**

SADDLES ~ HARNESS GEAR ~ BOOTS

This product is stronger and more concentrated than most so it removes heavy dirt, grime, stains and grease from saddles, harness gear, boots and tack accessories, with less elbow grease from you. The glycerine allows for a gentle, non-stripping clean which hydrates as it cleans. The neutral pH prevents leather from permanently darkening.

**500mL | OP109**

## GLYCERINE SADDLE SOAP

**CLEAN**

SADDLES ~ HARNESS GEAR ~ BOOTS

The ideal travelling companion for hydrating smooth leathers. Gently cleanses smooth leathers. Unique blend containing glycerine that helps hydrate leather while cleaning. The pH balanced formulation gently cleans off dirt and grime and the glycerine moisturises. Perfect for everything from saddles to bridles and boots.

**150mL | OP211**

## GLYCERINE LEATHER CLEANER

**CLEAN**

SADDLES ~ BRIDLES  
HARNESS GEAR ~ BOOTS

Protects stitching, hydrating leather as it quickly and easily cleans away dirt and grime. Great for saddles, bridles, harness gear, belts and other tack accessories. Keep it handy as part of a regular maintenance regime.

**500mL | OP206**

## LEATHER CONDITIONER

**CONDITION**

SADDLES ~ BRIDLES  
HARNESS GEAR ~ BOOTS

Oakwood's famous Leather Conditioner provides intense rehydration of saddlery gear, while softening leather and repelling water for overall protection of your gear. Use on saddles, harness gear, boots and accessories. Contains the perfect balance of natural nourishing waxes and oils including lanolin, beeswax, emu oil, tea tree and eucalyptus oil.

**Available in 125mL, 500mL, 1Lt, 4Lt  
OP102, OP105, OP106, OP107**

## LEATHER OIL

.....

### CONDITION

SADDLES ~ BRIDLES  
HARNESS GEAR ~ BOOTS

Oakwood Leather Oil is formulated for use on saddles, bridles, harness gear, belts and other tack accessories. Ideal for making new leather lovely and supple and for softening, restoring and nourishing old, dry leather. As with all Oakwood products, it blends natural ingredients including neatsfoot oil and from the sheep's back, lanolin.

**Available in 500mL and 5Lt  
OP152, OP169**

## LEATHER & SYNTHETIC WIPES

.....

### MAINTAIN

SADDLES ~ STIRRUPS  
BRIDLES ~ BOOTS ~ ACCESSORIES

Formulated to remove dust, clean, condition and protect all types of leather and synthetic articles. Crafted with carnauba wax to restore, protect and buff to a lustrous finish in one simple process. Ideal for use on saddles, stirrups, bridles, head collars, chaps, boots, gloves, footwear and more.

**Available in 20pk  
(300mmx200mm) | OP118**

## **NOTHING BEATS EXPERIENCE**

Oakwood's range of equine products provide the superior quality that horse enthusiasts are looking for. Developed by Geoff Searl, the products are simple to use, penetrate the leather quickly and won't come off on your clothes.

## NATURAL BEATS NASTY EVERY TIME

Oakwood products are made using specialised formulations and where possible, special blends of natural, home-grown ingredients.

### Lanolin and Beeswax

Lanolin provides a moisturising element to ensure the natural feel of the leather is maintained, while beeswax provides a protective barrier against everyday surface wear, spills and stains.

### Carnauba Wax

A durable and lustrous formula conditions, protects and buffs leather surfaces to a radiant shine. This natural ingredient assists in improving the resilience of leather and vinyl surfaces.

## EXPERT ADVICE
